# Still Here After 21 Dec 2012?

# Still Here After 21 Dec 2012?

People who were convinced that they would  
? 'Ascend' on 21<sup>st</sup> December 2012  
are confused and despondent

*Earth is no different  
than the day before 'Ascension'*

## Confused ?

Still Here After 21 Dec 2012?

Lets REMOVE the confusion

# Still Here After 21 Dec 2012?

☀ Ascension up the Frequencies is a:-

Slow

Gradual

Robust

and

Repeatable Process

Large changes that have been expected  
WILL NOT and CANNOT happen

# Still Here After 21 Dec 2012?

In February 2012.....

- ☀️ There was an increase in the base frequency - the level expected to be attained was **Surpassed**
- ☀️ This change will allow those not previously capable to start questioning their environment

# Dates are Estimated Milestones

## Dates are Estimated Milestones

- ☀️ Dates used by spiritualists are generated by information received from energetic helpers
- ☀️ These are misinterpreted as being dates for specific events

## Dates are Estimated Milestones

This is preferred to the sudden 'Cliff Face; ascension that spiritualists desire

A 'Cliff Face' Descension' is just as likely to happen

***Set backs would severely affect the confidence of the human race in totality***

# Dates are Estimated Milestones

**The Flat Road to Ascension**

# Dates are Estimated Milestones

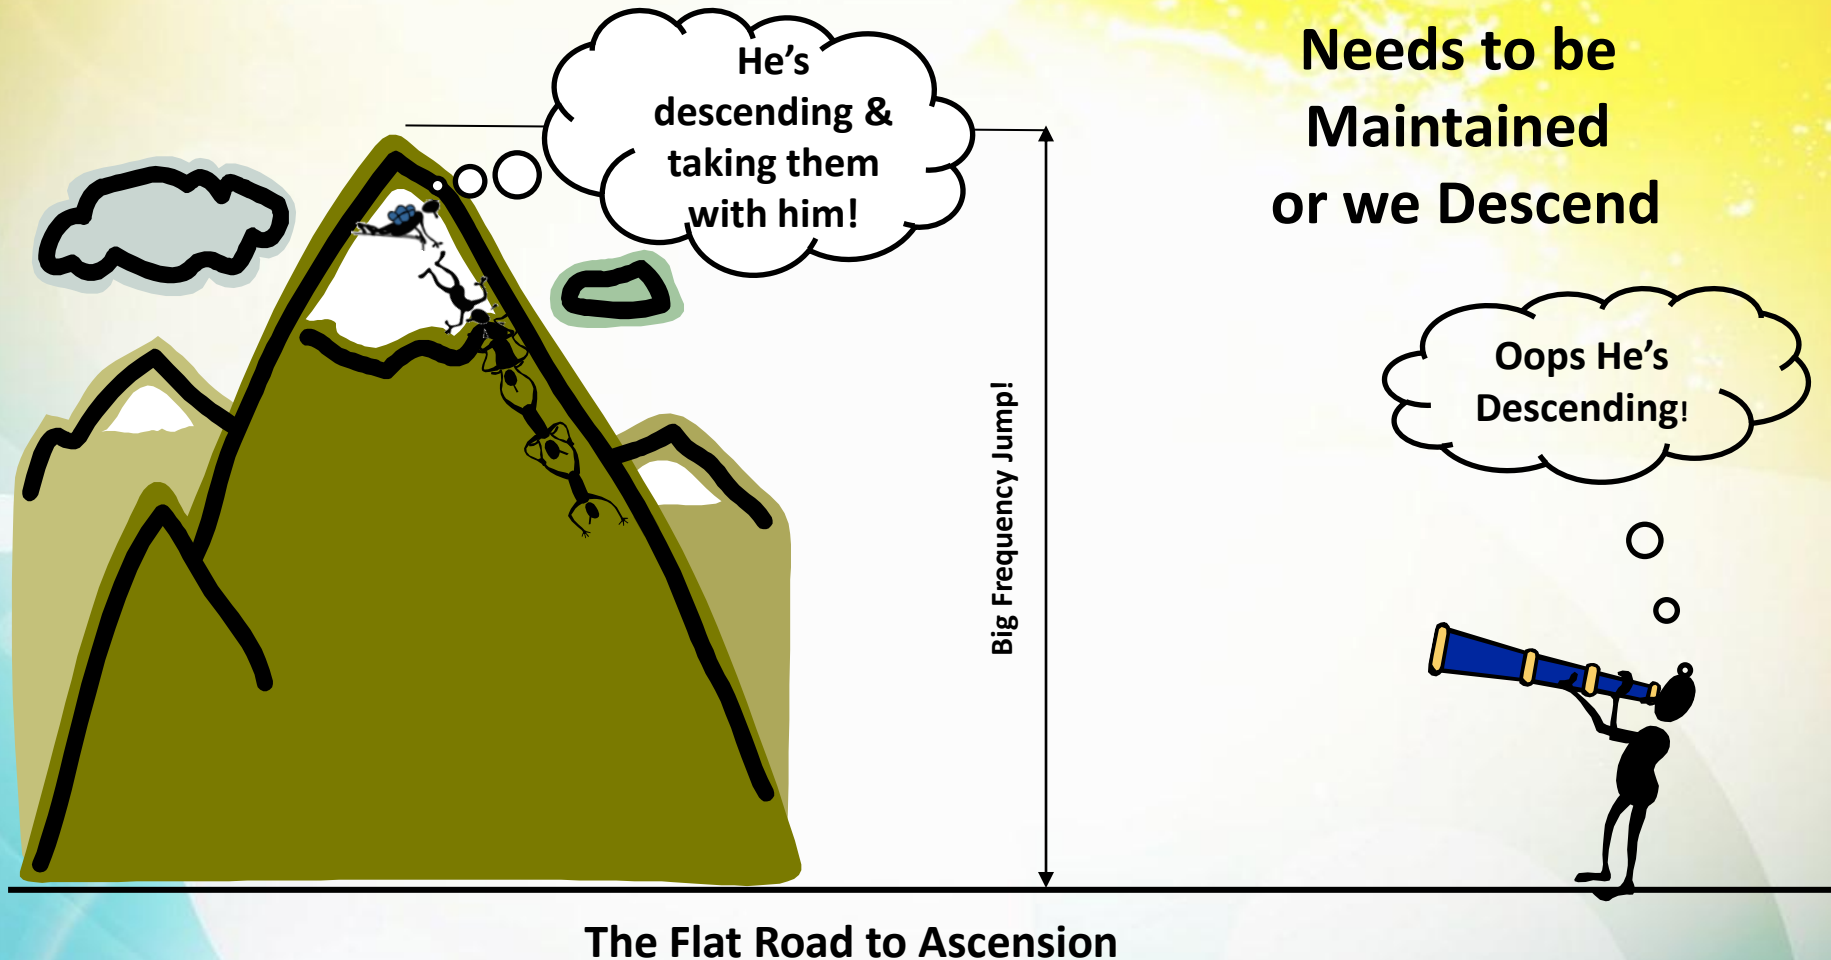

This Requires a  
'Critical Mass'

The Flat Road to Ascension

# Dates are Estimated Milestones

**The 'Critical Mass'  
Needs to be  
Maintained  
or we Descend**

# Dates are Estimated Milestones

The Gradual Road to Ascension

# Ascension is a Gradual Process

# Ascension is Gradual Process

- ☀ Do not worry about that which was *expected* to 'be' ascension-wise
- ☀ Work instead with that which you **want it to 'be'**

***Commit yourself to assisting in its acceleration***

Remove the 'need' for low frequency  
incarnate experiential existence

- ☀ Assure a:  
**Gradual, Repeatable and Robust Ascension**

# Ascension is Gradual Process

- ☀️ **Gradual Ascension** enables recognition of the changes
- ☀️ They will be subtle at first
- ☀️ Developing in a non-egotistical way for the benefit of others
- ☀️ This is the first step to assuring personal ascension

# Ascension is Gradual Process

So, in terms of what happens next then.....

☀️ This is up to the individual incarnate entity in how they work with THAT which:

- ☀️ They are
- ☀️ They can affect
- ☀️ Affects them

# Ascension is Gradual Process

## Note Though That.....

- ☀ Our behaviour patterns are associated with personal ascension:
  - ☀ Work in tandem with the energies associated with triangulation (**elevation through association**)
- ☀ The result is an increase in evolutionary content
  - ☀ Affecting the individual and the masses alike

**BUT.....**

this is up everyone to work with it

# Proof that We are Ascending

## Proof that We are Ascending

Our frequencies are now high  
enough to assure future  
Awakening!!

- ☀ A rise in the number of individuals becoming interested in 'things of the spirit'
- ☀ Awareness of the 'Greater Reality'
- ☀ Perceiving entities who operate in the frequencies close to the physical and those beyond

# Proof that We are Ascending

- ☀ The Spiritually inclined will become more *intuitive*
- ☀ Aware and awake individuals will experience a deeper level of connectivity
- ☀ Its a slow and gradual process

*More physical proof can be seen in the rapid rise in  
New Technology*

# Proof that We are Ascending

- ☀ Technologically:
  - ☀ 'Semi aware' individuals will receive inspiration from the cosmic knowledge (**Inventors**)
  - ☀ Delivering that which has been offered to them by spirit – the energetic (**Quantum leaps**)
- ☀ As we ascend higher more technology will become available

# Proof that We are Ascending

- Those who are ascending will appear to disappear from physical perception

# Ascension is a Three Tier Process

# Ascension is a Three Tier Process

## Progression to Tier One

- ☀ Those that progress will leave those behind **Frequently**
  - ☀ Includes those who can be pulled up through triangulation
- ☀ Those that stay behind will be still be able to ascend
  - ☀ They will do it in their own time
  - ☀ They also get help from triangulation

# Ascension is a Three Tier Process

## Progression to Tier One contd.

- ☀ To continue the critical mass
  - ☀ Entities of a lower quality  
i.e. Those not of the energetic genre of mankind

Are being allowed to incarnate!

- ☀ These entities are known as ‘back-fill people’  
And benefit from the opportunity of incarnating  
with individualised free will

# Ascension is a Three Tier Process

## Progression to Tier One contd.

- ☀ When all of mankind ascends the work of these back-fill people will be done

- ☀ They will return to their normal energetic environment
- ☀ Passing on the
  - ☀ Experiences
  - ☀ Learning and
  - ☀ Evolutionary content to their energetic race

# Ascension is a Three Tier Process

## Tier One

*Progression to the point where incarnate mankind starts to become aligned to with the **higher frequencies** associated with the physical universe.*

**Frequency level 12**

# Ascension is a Three Tier Process

## Tier One

*Next*

*'Individualised Free Will'*

will be adopted through-out the physical universe

*When the **whole universe**  
is of the **correct frequency***

*The whole environmental structure will move up  
to the **next full frequency***

# Ascension is a Three Tier Process

## Tier Two

### *The Second Tier ascension*

Is progression through the two lowest frequency levels of the next full dimension by:-

- ☀ Re-locating the content of the physical universe into the next frequency i.e.

***First, frequency level 13 and then level 14***

- ☀ 2 individual and self contained universes

# Ascension is a Three Tier Process

## Tier Three

*All incarnate vehicles will eventually evolve to the point of not being 'PHYSICAL'*

*The **14<sup>th</sup> frequency level** is the last frequency where a 'PHYSICAL' vehicle is necessary*

*The **15<sup>th</sup> level** is too fine to support physicality*

Ascension is a Three Tier Process

The Third Tier Ascension  
removes the need to  
incarnate  
to  
EVOLVE

# Our Ultimate Ascension Destiny ‘The Far Future’

The 12 Source Entities were  
created by The Origin to  
accelerate its own  
Evolutionary Progression

Our Source Entity (God)  
Created us in response

# Our Ascension Destiny

When **All** the Creations of the  
12 Source Entities  
return to their Source

**'The Origin'**

will be ready to move into  
its next area of  
*'self-awareness'*

# Our Ascension Destiny

In this new vast expanse  
**We** will become '**Source Entities**'  
in our own right  
Assisting '**The Origin**' in its quest to:  
***Experience, Learn and Evolve***  
within this new area of  
expanded '*self-awareness*'
