The Four Genres of *Alien Form*

The 4 Alien Form Genres “Gross Physical - Incarnate”

- ☀ All Alien Forms or Bodies that we can see and detect are Incarnate in the Physical Universe
- ☀ They, Like Humans, are Vehicles used by a smaller aspect of a larger “Energy Being” – a “Soul”
- ☀ They are used to Experience the lowest frequencies of the multiverse

The 4 Alien Form Genres “Gross Physical - Incarnate”

- ☀ The Gross Physical versions exist in the first 3 frequencies associated with the Physical Universe
- ☀ The variants of Form “Factor” are based upon the environment they were created to work within
- ☀ Think of a Form and it could be used – Just look at the plethora of body genres for life on Earth

The 4 Alien Form Genres “Spirituo-Physical - Incarnate”

- ☀ The Spirituo-Physical versions exist in the 4th – 7th frequencies associated with the Physical Universe
- ☀ We call these frequencies the “Astral” levels
- ☀ The variants of Form “Factor” are based upon the environment they were created to work within

The 4 Alien Form Genres “Spirituo-Physical - Incarnate”

- ☀ They have a higher level of connectivity with their True Energetic Selves (Higher Selves) and Source
- ☀ They have a higher level of functionality – Metaphysical Functions:
 - ☀ Telepathy
 - ☀ Telekinesis
 - ☀ Control of body functions

The 4 Alien Form Genres “Spiritual - Incarnate”

- ☀ The Spiritual versions exist in the 8th – 12th frequencies associated with the Physical Universe
- ☀ We call these frequencies the “Higher” or “Spiritual” levels
- ☀ The variants of Form “Factor” are based upon the environment they were created to work within
- ☀ They are almost not incarnate!

The 4 Alien Form Genres “Spiritual - Incarnate”

- ☀ They have an Advanced level of connectivity with their True Energetic Selves (Higher Selves – “TES”) and Source
- ☀ They have an Advanced level of functionality – Metaphysical Functions:
 - ⦿ Telepathy, Telekinesis
 - ⦿ Control of body functions, Metamorphic if needed
 - ⦿ Creativity

The 4 Alien Form Genres “Energetic - Disincarnate”

- ☀ The Energetic versions exist in the frequencies, sub dimensions and full dimensions above the Physical Universe – in the Multiverse!
- ☀ They are NOT INCARNATE
- ☀ We call these frequencies the “Energetic” levels
- ☀ They have no Form “Factor”
- ☀ If observed they look like balls of energy

The 4 Alien Form Genres “Energetic - Disincarnate”

- ☀ They have full connectivity with their TES and Full functionality – Metaphysical Functions:
 - ☀ Instantaneous connectivity with all beings
 - ☀ Connectivity with Source
 - ☀ Creativity on a galactic level – complete control and manipulation of energy
 - ☀ No Need to incarnate – Highly Evolved

The Three Genres of *Alien Vehicle (UFO)*

The 3 Alien Vehicle Genres “Mechanical”

- ☀ They exist in the first 3 (Gross Physical) frequencies of the Physical Universe
- ☀ Use advanced technology to manipulate space
 - ☀ Gravitational - Attractivity
 - ☀ Electromagnetism

The 3 Alien Vehicle Genres “Mechanical”

- ☀ They travel by traversing higher frequencies than they exist within
- ☀ Various sizes and shapes
- ☀ Easily Seen but can disappear when “drive” activated

The 3 Alien Vehicle Genres “Spirituo-Physical/Spiritual High Frequency Mechanical”

- ☀ They exist in the 4th to 12th frequencies of the Physical Universe – cannot normally be seen
- ☀ Use Higher frequency/Spiritual technology to manipulate space
 - ☀ Sacred geometric functionality
 - ☀ Star Burst Energy (See The History of God)
 - ☀ Cosmic – Source Entity Energy

The 3 Alien Vehicle Genres “Spirituo-Physical/Spiritual High Frequency Mechanical”

- ☀ They travel vast distances by traversing higher frequencies than they exist within
- ☀ Various sizes and shapes
- ☀ Usually surrounded by Energy
 - ☀ Used to maintain ambient frequencies of Occupants
 - ☀ Maintains functionality, connectivity and memory
 - ☀ Seen as a glowing object that appears and disappears

The 3 Alien Vehicle Genres “Energetic”

- A bubble of energy created by a single or group of disincarnate energetic entities
- Maintains ambient frequencies of the entity/ies
- Maintains functionality, connectivity, creativity and memory
- Sometimes seen as a sphere of energy glowing object that appears and disappears
- Can also be amorphous in form

Where They come From

The Gross Physical “Incarnate”

- ☼ Gross Physical Aliens originate on any of planets within the visible or Gross Physical Universe
- ☼ Within our Galaxy - The Milky Way we have locations such as:
 - ☼ Arcturus, Sirius, Pleiades etc.
- ☼ In other planets and nebulae Galaxies within the visible aspect of the Gross Physical Universe

The Spirituo-Physical “Incarnate”

- ☼ Those Galaxies, Nebulae and planets of the Physical Universe that are classified as Astral levels
- ☼ Higher frequency (in the 4th to 7th frequency)
- ☼ Invisible to the Human Eye
- ☼ Currently invisible to Human technology

The Spiritual “Incarnate”

- ☀ Those Galaxies, Nebulea and planets of the Physical Universe that are above the Astral levels
- ☀ Very high frequency (in the 8th to 12th frequency)
- ☀ Invisible to the Human Eye
- ☀ Invisible to Human technology

The Energetic “Disincarnate”

- ☀ Outside the Physical Universe
- ☀ In the Multiversal environment
- ☀ Primary Location is in a frequency or Universal environment within a frequency relative to the evolution of its True Energetic Self (TES)
- ☀ Visitors to the Physical Universe generally come from the 3rd to 5th dimension
- ☀ A dimension is a higher structure than mankind thinks it is

The Energetic “Disincarnate”

- There are 12 dimensions in the Multiverse
- There are 408 frequencies and 397 Universes within the 12 dimensions:
 - The Majority = 11 dimensions x 3 sub dimensions x 12 frequencies = 396 frequencies/universes
 - The Physical Universe = 1 dimension x 1 composite sub-dimension (3 into 1) x 12 frequencies = 1 Universe
 - Due to lowest frequencies not being able to create a universal environment in their own right

A Reason for

Abductions

Abductions as a Result of Physiological and Technological Advancement

- Use of Monitoring implants
 - pre incarnation agreement made
- Monitoring the Human form and its interaction with the environment
- Planting Ideas for Technological/Ecological improvements
- Monitoring use of individualised free will
- Consider it in the same way as Humans taking animals from the wild, monitoring and tagging them.

Abductions as a Result of Secondary Incarnation

*True Energetic Self
(TES)*

Primary

Secondary

Primary and Secondary-Incarnations

- *Primary Incarnation in a Higher frequency*
- *Primary Body left in Stasis*
- *Aspect (Soul) in Secondary Incarnation in a Lower frequency*

Abductions as a Result of Secondary Incarnation

- ☼ Secondary Incarnation is used for Research (Learning) by Colleagues in location of Primary Incarnation
- ☼ Body used for Secondary Incarnation monitored for:
 - ☼ Memory
 - ☼ Experiences in low frequency existence
 - ☼ Individualised Free Will, Lack of Functionality, Ability, Planting Ideas
 - ☼ Physiological responses to environment
 - ☼ Allows the Aspect or Soul to maximise the opportunity for its evolutionary progression
